VERSE 1:

```
      Em                    Bm
Just as I thought it was goin' al-right
                Em                              Bm
I found I that I'm wrong and when I thought was right
              Em              Bm          Em
It's always the same, it's just a shame, that's all

Em          Am7              D
   I could say day, and you'd say night
          Am7                          D
Tell me it's black, when I know that it's white
          Am7          D                  Em
Always the same, it's just a shame and that's all
```

CHORUS 1:

```
Em        G              G
   I could leave, but I won't go
          Am7                D
Though my heart might tell me so
      G                 Gmaj7          Am7  D
I can't feel a thing from my head down to my toes
          Em                Bm
So why does it al-ways seem to be
          Em                Bm
Me lookin' at you, you lookin' at me?
          Em              D              Em
It's always the same, it's just a shame, that's all
```

VERSE 2:

```
 Em          Em          Bm
   Turnin' me on, turnin' me off
          Em                    Bm
Making me feel like I want too much
        Em                  D                 Em
Livin' with you is just putting me through it all of the time
Em          Am                D
   Runnin' a-round, staying out all night
        Am                    D
Taking it all instead of taking one bite
          Am7                 D                 Em
Living with you is just putting me through it all of the time
```

CHORUS 2:

```
Em        G              G
   I could leave, but I won't go
        Am7     D
But it'd be easier I  know
      G                 Gmaj7          Am7  D
I can't feel a thing from my head down to my toes
          Em                Bm
Why does it al-ways seem to be
          Em                Bm
Me lookin' at you, you lookin' at me?
          Em              D              Em  Em
It's always the same, it's just a shame, that's
```
